LANGUAGE

- English (Intermediate)
- Hindi (Native)

EXPERTISE

- Fullstack Web Development (HTML, CSS, JavaScript, React.js, Python)
- React.js and Django Framework
- Project Management
- Problem Solving and Critical Thinking
- Leadership and Initiative

EXPERIENCE

Carbon Footprint Calculator

Developed a web application to calculate carbon footprint based on user input and provide suggestions for reducing environmental impact.

To-Do List (React):

Developed a To-Do List application using React.js, allowing users to create, edit, and delete tasks. Implemented features such as task categorization and priority setting for enhanced task management.

ClothesShop:

Developed a web-based clothing store using React.js for frontend development. Implemented features such as product browsing, filtering, and shopping cart functionality.
